Farmers Production Contest

ROCKCASTLE COUNTY 1922.
The date for entering the contest has been moved forward from May 31st to June 15th. All farmers who wish to enter for Corn, Tobacco, Hay or Poultry are asked to send name and address to the County Agent as soon as possible. We have more than \$100.00 to be given as

prizes in this contest. If the farmers do not enter the money goes back to our banks. Since we have a chance for it send name and address to the County Agent Mt. Vernon Ky., at once.

VALUABLE CROPS
The County Agent has introduced two new crops into Rockcastle County. Soy beans and Sugar beets. The soy bean crop has been grown in limited quantities. Only a few farmers have

tried the crop. All who have grown soy beans are believers and testify to the value of the crop as a cow feed and the grain for hogs and chickens. We want 200 to 500 acres in the county next year.

The best crop is practically a new one. These beets are extra feed for cows in connection with dry feeds. The beet is also very valuable for feeding poultry.

DAMAGE CLOVER
Our clover crop has been and

is being damaged quite a bit by mildew. A number of fields are looking like they had been sprinkled with lime. On close examination we find that the leaves are being destroyed and the growth checked. There is no remedy at the stage of the crop. The best thing to do is to grow some soy beans or cowpeas as a substitute for the clover crop for hay. Soy beans or cowpeas can be seeded as late as June 10 and mature for hay.

POTATO BUGS

One tablespoon full of Paris Green to one gallon of water thoroughly mixed and sprinkle potatoes will kill the bugs. Do this every four or five days until bugs disappear.

CUCUMBER BEETLE

Use arsenate of Lead—two or three tablespoonfuls to a gallon of water, thoroughly mix and sprinkle vines.

BEAN BUGS

Arsenate of Lead will get the bean bugs. Use the above remedies before you discover the bugs. Don't wait—do it NOW.

WOOL

Wool is to a better price than last year. The first price offered for wool should not be accepted. It is a fair price. The retail market is ranging from 36c to 42c per pound now and promises to go higher.

The wool growers of Rockcastle County should pool their wool. By doing so hundreds of dollars could be saved. Let us organize a Wool Growers Association this fall and protect our wool at such low prices as we have to take in our rural sections of the County.

LAMB MARKET

Lambs are bringing a good price in Cincinnati and Louisville 5 1/2, 6 1/2 and 7 cents a pound. A price for lambs on the farm in the county, Cincinnati and Louisville prices are ranging from 2 1/2 to 1 7/8 cents. We need to ship our lambs actively by car loads direct.

HOW A NOTED VET. GETS RID OF RATS -- FARMERS HEED.

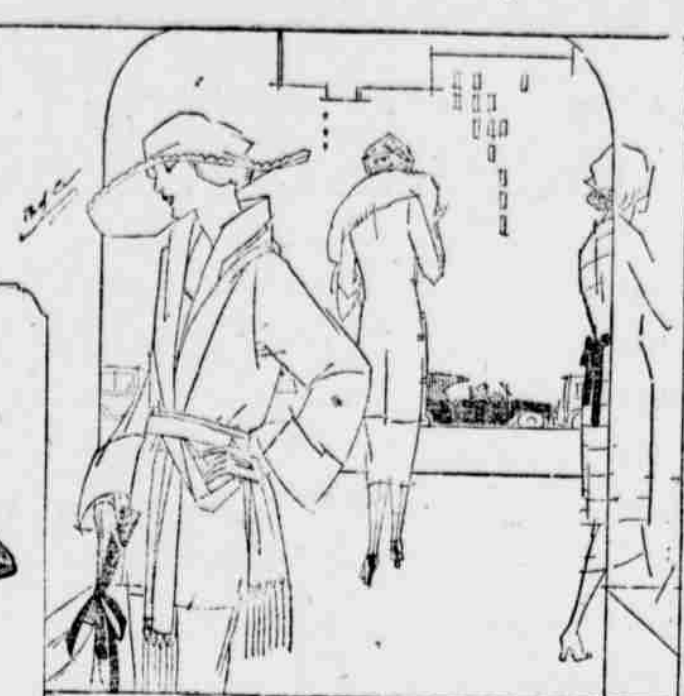

Dr. H. H. Butler says, "I used RAT-SNAP around my hospitals for three months, whether I see rats or not. It does the work -- RAT-SNAP gets them every time I recommend it to everybody having rats." Don't wait until there is a brood of rats, act immediately you see the first one. Three sizes, 35c, 65c and \$1.25. Sold and guaranteed by Davis Drug Store and C. C. Cox.

HOW TO INVEST MONEY

The Post Office your Saving Bank. Postal Savings are an investment as well as the method of encouraging persons of small income to form the habits of thrift and saving. The post office under this system," said a financial sage who made an investigation of the new U. S. Government Savings System, "will become the saving bank of the wage earner and the person of small salary. In many of the large cities, and in factory towns, and especially in many of the smaller towns in the rural districts, it is very inconvenient for earners of a weekly wage to reach a bank after receiving their pay, but a post office is usually

available. When the people fully understand that their post offices offer them modern banking facilities they will avail themselves of this modern savings system which is run for their own advantage and at no cost to them. Postal Savings and Treasury Savings Certificates offer an unusual opportunity and the post office is ready to render these banking facilities in an efficient manner.

We are pleased with the suggestion of the post office as the wage-earners' savings bank, and intend to make it that in fact, as long as people who are its patrons show a disposition to save. We call especial attention to the fact that the Government is in this savings movement because the officials have become convinced that only thru the Government can a nation wide campaign for savings be inaugurated and made successful. "The Government affords an opportunity for everybody to save. Any person with ten cents can open a savings account with the Government. With ten cents a postal savings stamp can be bought at the post office. When ten stamps have been purchased and affixed to a postal savings

THE JUNIOR CHAUTAUQUA

One of the most interesting features of our Chautauqua this summer will be the part known as the Junior Chautauqua. In addition to having the regular program in the big tent the Juniors will have an equal number of entertainment program given in their own separate Junior tent, starting three days before the regular Chautauqua opens.

Programs specially prepared by experts will acquaint the Juniors with how to enjoy music. A trained Junior for Director carrying her own Victrola and set of records will give the programs. There will also be folk games, story telling, stunts for the boys and a selected number of the Juniors will give a program in the big tent during the Chautauqua.

RECOMMENDS CHAMBERLAIN'S TABLETS.

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine, writes Mrs. Newton Vreeland, Middletown, N. Y. Takes these tablets when troubled with constipation or indigestion and they will do you good."
